

All CHRF faculty and staff are invited to the
Research IT Clinic / Open House

***SharePoint 2010 – What's new, what's
different***

presented by

**Gerald Parish &
Keith Marsolo, PhD**

Division of Biomedical Informatics

Tuesday, January 24, 2012
11-12:30
S1.204

This session is targeted to all users who may be interested in the new functionality provided in SharePoint 2010. We will highlight the new features of SharePoint 2010 as well as the differences between it and SharePoint 2007. We will also discuss our strategy for migrating and updating existing SharePoint 2007 sites and applications.

Learn more about currently available services at <http://bmi.cchmc.org>

Pizza and refreshments will be provided.
